

territory. However, the FCA recognizes that permitting only exclusive, full-service ACA charters would limit the potential for achieving additional structural efficiencies at the association level when voluntary realignment cannot be achieved.

Consequently, the FCA Board has determined that, in acting on ACA charter requests, it will attempt to strike an appropriate balance between the efficiencies gained from the merger and any potential adverse impact the requested charter may have on borrowers, other associations, and the System. While the Board prefers that the affected associations resolve their territorial issues to permit the chartering of non-overlapping, full-service ACAs, the Board will not rule out granting a permanent, full-service charter that overlaps another association's territory if the adverse effect caused by any resulting competition is minimal, especially when the affected association board(s) consents. Any institution whose charter would be affected by such a merger request would have the opportunity to comment on the request. Should a nonexclusive charter be issued, the FCA Board would consider an application from an affected association(s) to convert to an ACA or for some other reasonable alternative. In addition, the Board may approve a request for a bifurcated charter when administrative difficulties are outweighed by the benefits to be derived. However, since the Board believes a bifurcated charter should be an interim step to a full-service ACA, it encourages the newly formed ACA and the affected association(s) to continue to work toward territorial realignment and full-service, non-overlapping ACAs..

Nothing in this policy statement shall limit the Board's discretion with respect to charter requests. Each request will be considered on its individual merits. In exercising its discretion, the Board will consider the following factors and any other factors the Board determines relevant at the time of the request.

1. Projected operating efficiencies to be realized as a result of the merger.

2. Projected improvements in the quality and range of services to be offered borrowers.

3. Potential for adverse financial consequences on other associations because of any competition that will result, and whether the affected association board(s) consents to the competition.

4. The effects of other alternatives that may be requested by either the merging constituents or any affected association(s).

This policy statement supersedes the November 221, 1988 FCA Board Policy Statement on Granting Nonexclusive Charters to Associations and the January 6, 1989 FCA Board Policy Statement on Section 411 Mergers Resulting in Nonexclusive Charters.

Adopted this 23rd day of April, 1996 by order of the Board.

Dated: April 29, 1996.

Floyd Fithian,

Secretary, Farm Credit Administration Board.
