SUPPLEMENTARY INFORMATION: This notice informs the public of the NCUA's proposal to establish and maintain a new system of records in accordance with the Privacy Act of 1974. The proposed system of records covers the NCUA's collection and maintenance of records on applications for proposed federal and federally insured state-chartered credit union officials and employees. The Federal Credit Union Act requires that the NCUA investigate the general character and fitness of officials and senior management of proposed federal credit unions and proposed federally insured state-chartered credit unions. The Federal Credit Union Act defines management of a federal credit union as the proposed credit union's board of directors, credit committee, and supervisory committee. Senior management official is defined as a chief executive officer, an assistant chief executive officer, a chief financial officer, and any other senior executive officer. NCUA's Office of Credit Union Resources and Expansion (CURE) manages the credit union charter process and performs these general investigations with the assistance of the NCUA's Office of Continuity and Security Management.

The format of NCUA–26 aligns with the guidance set forth in Office of

Management and Budget (OMB)
Circular A-108.

Administration Board on April 10, 2023.
